

## ANNOUNCEMENT

# **POPULATION STUDIES UNIT**

## **INDIAN STATISTICAL INSTITUTE**

*Organizes a Workshop on*

### **ADVANCED TOOLS AND TECHNIQUES FOR ANALYSIS OF DEMOGRAPHIC AND HEALTH STATISTICS AND APPLICATION OF COMPUTER SOFTWARE**

**DATE: 24<sup>TH</sup> TO 27<sup>TH</sup> MARCH, 2020**

**VENUE: SEMINAR ROOM, POPULATION STUDIES UNIT, FIFTH FLOOR,  
R.A. FISHER BHAVAN**

#### **General Objective:**

Improve technical/professional abilities in demographic and public health studies among college and university teachers and also among researchers/practitioners in various institutions/organizations.

#### **Specific Objectives:**

- (1) Update knowledge of participants about advanced tools and techniques of analysis of demographic and health statistics.
- (2) Acquaint participants with the common statistical software used in the analysis of demographic and health data.
- (3) Developing a network with various institutions/organizations who are contributing directly or indirectly to public health, population control and other development programs.

## **Course Coverage:**

The resource persons will share their experience on using various advanced tools and techniques in analysis of demographic and health statistics. Emphasis will be given on use of the common computer software in analysis of demographic and public health data.

## **Participants:**

Teachers and researchers from colleges, universities and other institutions/organizations will benefit by improving their analytical skill. The institute will benefit through developing a network with different institutions/organizations.

## **Registration Fee:**

Rs. 1000.00 (Rupees one thousand only) will be collected in cash from each selected candidate at the time of registration.

## **Procedure for Sending Application:**

The application for participation in the workshop should be sent on or before March 10, 2020 by e-mail to the following email address along with a brief CV, indicating name, current address, age, sex, details of academic qualifications (Minimum M.Sc./M.A.), current profession and designation. Experience of candidate in using common software and knowledge of statistical packages will be an added advantage. Limited hostel rooms are available for out-station participants. Food and accommodation will be available there on payment basis. Number of seats for the workshop is limited to 25. Applications from the first 25 eligible applicants will be accepted and they will be informed through email. Each selected applicant needs to bring a laptop with him/her during the workshop.
